Fax: (360) 886-2592

## **Roberts Drive Traffic Impacts and Construction Update for the week of 3/20/17 to 3/24/17**

This week construction will continue to be busy with (3) working operations. The directional drilling will continue for the next few days in front of Diamond Villages. That work is scheduled to be finished by Wednesday. The barricades will be removed and that specific area will be back to its original state by the end of the week. Please continue driving cautiously through that area as children get on and off the school bus daily near that area. There will be (2) pipe crews laying pipe, one will be just west of the Rock Creek Bridge and the other in the west bound lane heading East towards the Diamond Villages neighborhood. The crew working west of the Rock creek bridge will place asphalt down every night. The second crew down towards Diamond Villages is removing the concrete panels and then restoring the road every night with asphalt grindings. We have temporarily reduced the speed limit until we can place asphalt.

**Please contact the City of Black Diamond at 360-886-5700 for additional information.**
