

RESOLUTION NO. 05-365

**A RESOLUTION OF THE CITY COUNCIL OF THE
CITY OF BLACK DIAMOND, KING COUNTY,
WASHINGTON, AUTHORIZING THE MAYOR TO
ENTER INTO AN AGREEMENT WITH OLYMPIC
ENVIRONMENTAL RESOURCES FOR THE 2005
SPECIAL COLLECTION RECYCLING EVENT.**

WHEREAS, the City has identified the need for recycling services associated with it's year 2005 special collection event; now therefore,

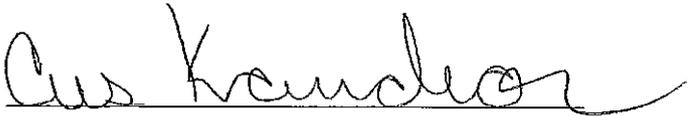

BE IT RESOLVED that the Mayor is hereby authorized to enter into an agreement with Olympic Environmental Resources for the year 2005 special collection recycling event, in an amount not to exceed \$14,762.06, said agreement to be substantially in the form attached hereto as Exhibit "A" and by reference incorporated herein.

ADOPTED by the City Council at an open public meeting held on the 6th day of January 2005.

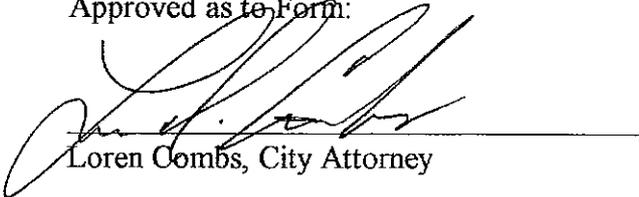

Mayor Howard Botts

Attested:

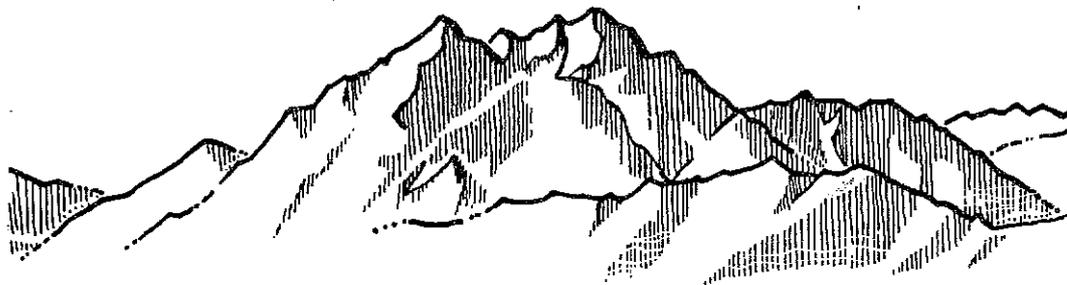

Cris Kandior, City Clerk

Approved as to Form:

Loren Combs, City Attorney

Memorandum of Understanding

To: The City of Black Diamond

From: Olympic Environmental Resources

Date: December 15, 2004

RE: City of Black Diamond/Olympic Environmental Resources Agreement for Implementing
2005 Recycling Projects

This Memorandum of Understanding is intended to detail Olympic Environmental Resource's (OER) services and responsibilities in implementing City of Black Diamond Recycling 2005 Spring Special Collection Event.

The proposed project includes:

One Special Recycling Event

The event is tentatively scheduled for March or April 2005 at Black Diamond City Hall. At the event the following materials will be collected and recycled: used tires, used anti-freeze, used petroleum-based products, used oil filters, lead acid and household batteries, used motor oil, used paint, bulky yard waste (large material only), scrap wood, electronic equipment, TV sets, appliances (including refrigerators, freezers, household air conditioners, and other appliances), ferrous metals, nonferrous metals, textiles, reusable or recyclable household goods, porcelain toilets and sinks, propane tanks, and other materials whenever practical. User fees will apply to the collection of some materials.

OER wishes to involve the Black Diamond staff at the level most comfortable for the City. OER will meet with the City of Black Diamond staff at any time during the project for updates on activities or will pursue activities independently if desired by the City.

The project budget will incorporate the City of Black Diamond grant funds available from the Seattle-King County Health Department, King County Solid Waste Division, and the Washington State Department of Ecology. Total grant funds are estimated at \$14,762.06 and includes all items that will be billed to the grants directly by the City, such as City staff time. The specific project activities to be carried out by OER are detailed in the grant scopes of work. OER

will cover project expenses as they arise, such as the costs of printing and vendor services. OER will then request reimbursement of staff time and expenses on a monthly basis with thirty-day payment terms. OER will assist the City in requesting reimbursement for these costs from the King County Solid Waste Division, Seattle-King County Health Department, and the Washington State Department of Ecology.

OER's goal is to conduct events with very limited City staff time and no City cost. However, there are a number of "official acts" necessary for the City to bring the programs on line:

- Sign and submit letters of intent.
- Review program scopes of work.
- Sign necessary grant agreements.
- Keep OER informed of any changes made to grant agreements.
- Reimburse OER for staff time and expenses from grant funding.

Recycling related programs continue on an annual basis. OER will continue to provide service to the City of Black Diamond until the City decides to no longer participate. We ask that you provide thirty-days (30) notice to discontinue services. This agreement solidifies our relationship. Please sign both copies of this agreement and return one to OER. We look forward to working with the City of Black Diamond in 2005.

Howard Botts
Mayor
City of Black Diamond

Paul M. Devine
General Manager
Olympic Environmental Resources

2005 Black Diamond Recycling Grants

The City of Black Diamond is eligible and has applied for the following grants. It is expected that no non-grant City funds will be expended on recycling projects in 2005. The City has applied for the following:

1) The King County Health Department Local Hazardous Waste Management Plan Grant. Grant total \$5,571.06.

2) The Washington State Department of Ecology Coordinated Prevention Grant. Grant total \$2,691.00

3) The King County Waste Reduction and Recycling Grant Program. Grant total \$6,500.00.

TOTAL: \$14,762.06.
