Memorandum of Understanding (MOU)
2007-2008 School Year
between Puget Sound Energy
and
City of Black Diamond

Powerful Choices for the Environment is operated by Puget Sound Energy (PSE) to teach middle school and junior high students to make informed choices regarding the use of natural resources. Students learn how their choices affect the air, land, and water of the Puget Sound ecosystem. The program is conducted in Washington State schools with the cooperation of the school districts.

This MOU between **City of Black Diamond**, PSE, its successors and assigns identifies the **City of Black Diamonds'** contribution towards the expense of the Powerful Choices for the Environment (program materials, facilitator salaries, administration costs of implementation for program).

City of Black Diamond agrees to pay the sum of \$500.⁰⁰.

This MOU does not represent any other contract—whether expressed or implied—between PSE and **City of Black Diamond**. This agreement will become null and void after the completion of the June 2008 school year.
