Date: December 8, 2011

RE: City of Black Diamond/Olympic Environmental Resources Agreement for Implementing 2012 Recycling Projects

This Memorandum of Understanding is intended to detail Olympic Environmental Resources (OER) services and responsibilities in implementing City of Black Diamond Recycling 2012 Spring Recycling Collection Event.

The proposed project includes:

One Recycling Collection Event

The event is tentatively scheduled for March or April 2012 at Black Diamond Police Department. At the event the following materials will be collected and recycled: used tires, used anti-freeze, used petroleum-based products, used oil filters, lead acid and household batteries, used motor oil, bulky yard waste (large material only), scrap wood, electronic equipment, TV sets, appliances (including refrigerators, freezers, household air conditioners, and other appliances), ferrous metals, nonferrous metals, textiles, reusable or recyclable household goods, porcelain toilets and sinks, propane tanks, and other materials whenever practical. User fees will apply to the collection of some materials.

At the 2012 Spring Recycling Collection Event, OER will organize a chipper event to be held in conjunction with the Recycling Collection Event.

OER wishes to involve the Black Diamond staff at the level most comfortable for the City. OER will meet with the City of Black Diamond staff at any time during the project for updates on activities or will pursue activities independently if desired by the City.

The project budget will incorporate the City of Black Diamond grant funds available from the Seattle-King County Health Department, King County Solid Waste Division, and the Washington State Department of Ecology. **The budget is contingent on continued grant funding from King County and the Washington State Department of Ecology.** Total grant funds are estimated at \$19,630.34 and includes all items that will be billed to the grants directly by the City, such as City staff time. The specific project activities to be carried out by OER are detailed in the grant scopes of work. OER will cover project expenses as they arise, such as the costs of printing and vendor services. OER will then request reimbursement of staff time and expenses on a monthly basis with thirty-day payment terms. OER will assist the City in requesting reimbursement for these costs from the King County Solid Waste Division, Seattle-King County Health Department, and the Washington State Department of Ecology.

OER's goal is to conduct events with very limited City staff time and no City cost. However, there are a number of "official acts" necessary for the City to bring the programs on line:

- Sign necessary grant agreements.
- Keep OER informed of any changes made to grant agreements.
- Reimburse OER for staff time and expenses from grant funding.

Recycling related programs continue on an annual basis. OER will continue to provide service to the City of Black Diamond until the City decides to no longer participate. We ask that you provide thirty-days (30) notice to discontinue services. This agreement solidifies our relationship. Please sign both copies of this agreement and return one to OER. OER looks forward to working with the City of Black Diamond in 2012.
