Brenda,

Please clarify objections as I note in YB O-5 that they reference material submitted into the records not just Oral testimony, and they further state they preserve their right to object to other material as well upon further review. In regards to Oral Testimony, I object to Mr. Williamson statement that the Hearing Examiner and his staff spent over 800 hours reviewing the Deelopment Agreement, with inference to Council that it was all the material. This statement is both false and misleading and Council should not be allowed to rely on this incorrect information.
