NON-EMERGENCY NUMBER

360-886-0022

On September 16, 2013, a non-emergency number will be implemented to aid citizens in reporting incidents to police that are not urgent in nature. Valley Communications Center, King County E-911, and local law enforcement agencies are partnering to promote a non-emergency number in order to route calls appropriately and to allow 911 call-takers the opportunity to answer urgent and emergency calls.

Black Diamond residents are encouraged to call **360-886-0022** when you need the police, but it is not urgent in nature. Some examples of a non-emergency call may include:

- Disturbances including a loud radio or party
- Drinking in public
- Property or business disputes involving a landlord, property or business
- Trespassing / loitering

Important: If you're not sure whether the situation is a true emergency, officials recommend calling 911 and letting the call-taker determine whether you need emergency help.

When you call 911, be prepared to answer the call-taker's questions, which may include:

- The location of the emergency, including the street address
- The phone number you are calling from
- The nature of the emergency
- Details about the emergency, such as a physical description of a person who may have committed a crime, a description of any fire that may be burning, or a description of injuries or symptoms being experienced by a person having a medical emergency

Remember, the call-taker's questions are important to get the right kind of help to you quickly.

Be prepared to follow any instructions the call-taker gives you. Many 911 centers can tell you exactly what to do to help in an emergency until help arrives.
