

New - Online Motor Vehicle Collision Reporting (OMVCR)

The Washington State Patrol (WSP) Collision Records Section is proud to announce the release of the Online Motor Vehicle Collision Reporting (OMVCR) website. This new web based program will allow citizens involved in a collision that was **not investigated by law enforcement** to complete and submit their collision report online.

This new program will allow users involved in a collision to easily navigate through the web based program, complete the report and receive a collision report number upon completion. The collision report number is a key piece of information as involved parties make efforts to get vehicles and/or property repaired. This new program will also allow users to print and/or save the completed report for personal records.

The website can be accessed by following the link <http://www.wsp.wa.gov/publications/collision.htm>

The website will offer a help selection to assist with detailed instructions and frequently asked questions about completing a collision report. Additional questions can be directed to the Collision Records Section at the following email address: CollisionRecords@wsp.wa.gov.

The screenshot shows the Washington State Patrol (WSP) OMVCR website. At the top, there is a header with the WSP logo, the text "Washington State Patrol Service With Humility", and a photo of three officers. Below the header is a navigation menu with "OMVCR", "FAQ", and "Help". A secondary menu contains "Date", "Details", "Location", "Conditions", "Units", "Description", "Witness", and "Review". The main content area is titled "Online Motor Vehicle Collision Reporting (OMVCR)" and includes a "Welcome to the WSP OMVCR site." message, instructions for users, and a "Collision Date/Time" section with input fields for "Collision Date" (MM/DD/YYYY) and "Collision Time" (HH:MM AM/PM). A "511 Travel Info" logo is visible in the bottom right corner.

Online Motor Vehicle Collision Reporting (OMVCR) [Edit an Existing Report](#)

Welcome to the WSP OMVCR site.
Any driver, pedestrian, pedal cycle or property owner involved in a collision within the state - with \$1000 or more damage to any one unit and/or injury to any person - must complete a Motor Vehicle Collision Report. However, if a police officer is present and indicates he/she will submit a collision report, then you are not required to submit one.
This site allows citizens involved in a collision to complete and submit the collision report and receive a report number.
When you have finished completing the form, print or save a copy for your records. **All fields in RED are required.**

Collision Date/Time

*Collision Date

Collision Time

Enter the date and time of the collision or use the calendar and clock to select the date and time.

If you do not know the date and time that the collision occurred, use the date the damage was discovered and leave the time blank.
