## **Roberts Drive Traffic Impacts and Construction Update for the week of 4/17/17 to 4/22/17**

Work will continue to be busy this week on Roberts Drive as (3) crews will be in the roadway. (2) pipe crews will be working in phase 2 (between Rock Creek Bridge and Morgan Street) laying the new water-mains and the 3<sup>rd</sup> crew will be working on roadway restoration.

The contractor is scheduled to put asphalt down on phase 1 this week between the Library and Diamond Village. Since the asphalt paving is weather dependent we have blocked out Tuesday-Friday for paving. If the weather cooperates we are looking at paving Wednesday and Thursday.

The first day of paving we will restore the East bound lane on Roberts Drive, in phase 1, and the second day of paving will restore the West bound lane. During paving days please expect longer than normal traffic delays along with working hours extending to around 7pm. Thank you for your cooperation.

**Please contact the City of Black Diamond at 360-886-5700 for additional information.**
