Roberts Drive Traffic Impacts and Construction Update for the week of 6/12/17 to 6/16/17

There will be one lane closure this week while services are being finalized and the new connections are being tested on the waterline project. On Wednesday, the roundabout section will have crews installing more waterline and underground utilities. You can expect to see more flaggers present during this time.

Please be advised that next Wednesday, June 21, the Rock Creek Bridge will have the temporary asphalt removed and replaced with the final asphalt. The lane closures will cause longer traffic delays; we recommend using the alternate routes this day. Local residents should have received notices.

Please contact the City of Black Diamond at 360-886-5700 for additional information.
