

ADDENDUM 1

**City of Black Diamond
224th Ave. SE/228th Ave. SE/SE 296th St. Chip Seal Project**

The following changes have been made to the Request for Bid and Contract of for the above-referenced project:

- 1. Bid Item #5 has been updated to say “Asphalt Emulsion CRS-3P Chip Seal” to match Special Provision 5-02.3. Section 5-02.5 has also been updated to specify CRS-3P to match Special Provision 5-02.3.**
- 2. Bid Item #8 has been updated to a Lump Sum item and will no longer include the removal of striping. Bid Item #8 has been renamed “Removal of RPMs and Plastic Traffic Arrows.” It was found that there are only about 100 RPMs and the chip seal application can be placed over painted striping. There are three traffic arrows to be removed at the south end of the project in a right turn lane. Section 8-22.5 of the Special Provisions has been updated to reflect this change.**
- 3. Inserted Section 8-22.3 and 8-22.4 to reflect the change in Item 2 above.**
- 4. Section 8-22.5 of the Special Provisions has been updated to remove information for “Removing Plastic Stop Line.” This project will not remove and plastic stop lines.**

The updated contract with the changes above are being sent out with this Addendum via e-mail and will be posted on the City of Black Diamond website.
