Looking for something to do next Saturday (April 22)? Join Lake Sawyer Park Foundation for our annual Earth Day work party, scheduled from 9 a.m. to 1 p.m. in Lake Sawyer Regional Park. We will be clearing and removing underbrush and invasive plants, such as Scotch broom and blackberries. The event happens rain or shine and is open to people of all ages. Please wear work/gardening clothes and bring work gloves and small tools, if you have them.

Meet in the gravel parking lot at 31500 Lake Sawyer Road SE, Black Diamond at 9 a.m. (Note: it is about a half-mile walk from the trailhead to the location where we will be working).

Hope to see you there! Email lakesawyerparkfoundation@comcast.net for more information.

Or if you are interested in learning about protecting shoreline property on Earth Day, King Conservation District is holding a 'Beautify & Care for Your Streamside Property' workshop at the Black Diamond Library starting at 10:30 a.m. Here is a link to the event registration page: <https://blackdiamondshorelineworkshop.eventbrite.com>.
