

Important Information Regarding Debris Clean Up from Winter Storm

At this time the City of Black Diamond Public Works Department is not able to provide collection of residential or business storm debris. However, there are some local options residents can use to dispose of storm debris.

Curb-Side Yard/Food Waste Subscribers:

Residents who subscribe to curb-side yard/food waste can put storm debris into their yard carts. The material cannot be larger than 4 inches in diameter or 4 feet in length; weight varies by container size and hauler. Allied Waste will accept a double load of yard waste even if your last yard waste collection was not missed. Allied Waste will accept a double load of yard/food debris on your next regularly scheduled yard waste collection day only if your yard waste collection was missed on your last regularly scheduled yard waste collection day. Roll-off containers (large containers dropped off by the hauler) can be delivered for storm debris where there are larger volumes or where homeowners' associations (HOAs) want to provide a neighborhood point for debris drop-off. Container fees and disposal fees apply depending on container size. Contact Allied Waste at 206-682-9735 for fees and container delivery.
