Lawson Street Chip Seal Project Fog Seal Work on Monday, June 22nd

Fog sealing work in preparation of the chip seal on Lawson Street between Newcastle Drive and eastern City limits is anticipated to begin on Monday, June 22nd between 12:00 noon and is anticipated to last until 6:00 pm. This phase of the work is expected to last this one day. During construction, expect delays and plan accordingly. The final chip seal is anticipated for the end of June. We will post an update once the contractor sets a date, which is dependent upon weather.

Thank you for your patience as we work to improve your City roadways. If you have questions regarding this project, please call Scott Hanis at 360-851-4521.

Work on Lawson Street is funded by a grant from the Washington State Transportation Improvement Board and City funds.
